

Petair Inc.

美唄 Skyport

Petair

**We get you in the
air and provide
care on the ground**

Peter F. Steeger
Representative Petair Japan

Philosophy

Petair

Hokkaido is a vast province and aircraft are an important yet underused means of transportation, utility and rescue in case of disaster. Petair strives to make aircraft easier to use and accessible to more people in Hokkaido.

Services

FBO (Fixed Based Operator)

Petair provides rental hangars, tie-down and parking, handling services for foreign arrivals/departures, aircraft rental & flight instruction (for members of the flying club); Plan: Fueling, aircraft maintenance

Rental Hangars , Airport operations

Handling Services for overseas aircraft

Aircraft rental and instruction
(Club operation)

Petair

Petair

Interview

Hangar for Mr. Yamashita,
CEO of HFS

Hangar Space is scarce in the vicinity of Sapporo. Petair's Hangars at Bibai airport are very attractive and reasonably priced for aircraft staying or just visiting Sapporo.

Petair

Interview

Handling Services for H.J. Schwerhoff

We have traveled in D-ESAY (C210) around the world in 2010. Avgas is difficult to get in Japan and formalities tend to be complicated, but with the help of Petair we got through Japan smoothly and the trip was a wonderful experience

Petair

Interview

Airplane Rental for N. Tanabe

Petair's Flying Club operates one of the most modern twin engine aircraft available, the Diamond Twin Star (DA42), with the G1000 Flight Deck and Diesel engines. The DA42 is fun to fly and I enjoyed the transition to a twin IFR rating in this aircraft.

Operations

Petair
